

We are currently in the final phases of a significant administration platform upgrade. Because of this we are running several member websites.

Please don't worry – all member sites are secure and managed by RPMI.

If you are a member of any of the following sections of the Railways Pension Scheme, you should click [here](#) to be taken to a new site. If it's the first time you've used this new site, you will need to re-register for your myRPS account. We're sorry for any inconvenience this may cause.

All RPS pensioners should click [here](#).
